

STEAMBOAT WHARF MARINA

SUZUKI MARINE:

Steamboat Wharf Marina is proud to be a Suzuki Dealer and Repower Center.

We employ on-site Suzuki factory certified and trained technicians. We offer service, repair and warranty work for all Suzuki models. We also provide OEM Suzuki part sales.

Suzuki offers a full line of 4 stroke engines from 2.5hp to 350hp. Whether you are looking for a reliable small engine to get you around in your inflatable, or something more powerful, quiet, and fuel efficient for your big boat, Suzuki has the outboard for you.

Please call us if you are considering a repower or new engine purchase. Not only can we repower your boat with a superior technology, we can maintain and service your engine close to home.

We are a full service dealer, and can assist with engine recommendations, price quotes, and provide financing options.

SERVICE & BOAT YARD CUSTOMERS:

We will start launching boats soon at Steamboat. Below are a few items to think about in preparation for the long awaited boating season:

- Schedule your launch date. Make sure your mooring provider or slip is ready prior to that date. We are happy to accomodate you with dockage if your boat is launched mid-week, as long as your boat is picked up by the weekend.
- Determine what you would like completed prior to your launch date such as bottom paint, wax, and mechanical services. Try and include all work in the initial work order. It may be difficult to accomodate last minute requests.
- Steamboat recommends creating a maintenance plan for your boat and committing to it. Our staff is happy to assist. A consistent maintenance plan is the best way to avoid costly repairs, and enjoy quality time on the water.
- Let us know of any issues you had with the boat last year. If we know about it hopefully we can fix it for you.

SERVICE & BOAT YARD CUSTOMERS:

Service Continued:

- If you are thinking about a project or upgrade to the boat, let us know about it. This could be a repower, electronics install, or something cosmetic. We are happy to provide an estimate or guidance and recommendations.
- Don't forget to have your lines and fenders on the boat prior to launch date and make sure marina has a set of keys for the boat.
- Communicate your service requests through the Service Desk or Marina Office. This can be accomplished by phone, e-mail, or in person. (Communicating work requests to employees working in the yard do not always reliably translate your message to a work order.)
- See Spring Work Order and Cover Letter for more details.

Work Orders can be submitted online through our website steamboatwharfmarina.com, they can be printed and mailed in, or you can call the office with launch date and spring work requests.

For a limited time, get Suzuki Extended Protection, Instant Savings and financing on select Suzuki outboards from 25 to 350 horsepower. See your participating Suzuki Marine dealer for details or visit www.suzukimarine.com.
