

Steamboat Wharf Marina: Spring Service Check List

☐ **Shrink Wrap Removal**

Remove and recycle shrink wrap and framing. If customer removes shrink wrap, all materials must be removed from premises.

☐ **Bottom Paint**

☐ **Wash, Compound, and Wax Hull**

☐ **Commission Engine**

Typical engine commissioning involves: running engine to normal operating temperature, check for proper cooling and water circulation, check shift and throttle for proper operation, replace tune up parts as needed (spark plugs, filters, zincs.etc.), visually check belts and hoses. Charge as needed, load test, clean terminals, and install batteries. Replace batteries if required. Additional steps will vary based on engine type, make, and model.

☐ **Electrical Systems 12V**

Test, inspect, and repair safety items including bilge pumps, navigation lights, and horn. Check electrical components such as stereos, VHF, and GPS devices.

☐ **Commission Domestic Systems**

Flush fresh water tanks, purge lines of antifreeze, and run sinks, heads, and wash downs

☐ **Replace Zincs** (Boat, trim tab, and shaft zincs, as needed.)

☐ **Boat Launch**

Please select desired launch week. Boat launches typically occur on Thursday or Friday and are dependent on tides, weather, and availability of boat hauling equipment. Launches are scheduled on a first come first serve basis and busy weeks fill up. If scheduled launch is canceled, we cannot guarantee launching the following week. Non-Slip customers will be provided with 24 hours of free dockage, space permitting. If extended dockage is required arrangements must be made and will be subject to prevailing dockage rates.
